

# Irripod In-line Multi Fit

## Installation and User Guide

Irripod In-line Multi Fit is a flexible, cost effective irrigation Pod Skid that can be used as a replacement Pod or on an extension to existing sprinkler irrigation systems.

Designed to fit 32mm or 40mm LDPE pipe and to accommodate all LDPE fitting and sprinkler configurations. Irripod In-line Multi Fit offers a cost effective alternative for end users.

Irripod Multi Fit is simple to install; just follow the step by step instructions.

## Installing Pod Skids (Based on 15M Pod Spacings)

Lay pipe over Skid Base and secure in position with Cross Tee Anchor.

Drill 15mm (9/16") hole at required spacing for the sprinkler type being used and remove all drilling swarf. Ensure the hole is drilled perpendicular to the Pod Base.

Select the Riser to suit your sprinkler size. Ensure fastening nuts are tightened evenly. Fit O-ring seal to sprinkler riser, locate riser spigot into hole in pipe and fasten the cross tee anchor.

Screw sprinkler into sprinkler riser.

Locate body on skid base and push firmly down to engage grip lugs.

Secure top body by screws around the base.

Fix wire clip into opposing holes on body sides.

Screw wire clip holders into the holes provided.

Flush the irrigation line prior to fitting the pipeline Tow Eye to remove any drilling debris left in the pipe.

### PACK INCLUDES:

Irripod Code	Description	Qty
IP-BASE-BK	Irripod Black Base	1
IP-COVER-BL (Black)	Irripod Black Top Cover	1
IP-WIRE	Irripod Wire Protector	1
